This is Alpadia

We are Alpadia by Kaplan International Languages!

Our vision is to help students develop their language skills, grow a positive identity, advance their social skills, and mature their cultural competencies.

Since 1996, we have been running immersive language camps, welcoming over 40,000 students. Together with Kaplan we have over 100 years of experience in language education!

Our students' safety is our top priority — that's why we have detailed safety and welfare procedures at all our camps — with staff working around the clock, as well as a 24-hour emergency helpline.

Hello from Alpadia!

Welcome future language explorer,

Imagine having fluent, fun conversations in a new language, surrounded by stunning landscapes — whether it's the sunny beaches of the French Riviera or the majestic mountains of Switzerland. For over 20 years, we've been perfecting a magic mix of learning and adventure for young learners just like you!

Immersing yourself in your chosen language at a camp abroad is a completely different experience from studying in your own country. It's about practising your skills around the clock, making lifelong friends from across the globe, overcoming new challenges, and uncovering strengths you didn't know you had.

As part of the Kaplan International Languages family, we bring a wealth of experience to your journey. Our methods have been fine-tuned to ensure that you're not just learning a language — you're thriving in a safe, supportive, and inspiring environment.

Whether you're looking to improve your English, German, or French, we're ready to help you turn your dream into reality! Are you ready to embark on the adventure of a lifetime?

Prepare to explore, learn, and grow. Your Alpadia adventure awaits!

The Quality of Your Stay is Our Priority

We have 28 years of experience in providing immersive language camps for juniors and teens, and one of the best selections of all-inclusive activity programmes on the market. At Alpadia, young students learn a new language not just in the classroom, but also through fun and adventure.

Why Choose Alpadia?

1.

Student-Focused Approach

We centre the interests, motivations, and needs of our students in — and outside the classroom. Our staff have an understanding of youth development and put the well-being of our students first. We believe in our students' capacity to overcome the challenges that naturally present themselves in the communal experience of camp, and we provide the support they need to build the skills they need to solve them.

2.

Intentional Design

We strive to create a camp experience that fosters language development and personal growth through intentional programming. We design the camp environment — daily routines, activity choices, excursion destinations, camp traditions and so on — with an eye on helping students develop key traits that support their language learning, such as confidence, self-expression, or a growth-mindset.

Safety and Supervision

The safety and well-being of our students is our top priority: 24/7 supervision is provided at each of our locations, and our campsites must meet rigorous safety criteria. Many of our staff are First-Aid certified and are trained to recognize and address issues that threaten the emotional well-being of our students, such as bullying or homesickness.

3.

4.

All-Inclusive and Immersive

Our summer camps are known to have one of the richest programmes of all-inclusive activities and excursions on the market. Part of the language immersion experience involves learning outside the classroom, during excursions and through specific projects.

Multicultural

Families over 100 nations choose us. Our students come from many different cultural backgrounds. A multicultural environment helps nurture open-mindedness and a broader understanding of new cultures. At Alpadia, we create connections that last a lifetime.

5.

19 Summer Camps to choose from

Los Angeles, London, Paris, Berlin, Montreux-Riviera... and many more. Choose a location that offers you the type of experience you are looking for.

6.

Develop Your Language Skills

We offer an effective and enjoyable approach to language learning. Our dynamic teachers focus on communication to create a relaxed, fun and stimulating atmosphere.

Our Language Courses

Adapted to Your Level

Prior to your stay, you will take an online evaluation test, after which you will be placed in a class that corresponds to your level.

Standard Course

20 lessons x 45 minutes per week

Every weekday, benefit from three hours of language classes in small groups with our engaging, experienced, and dynamic teachers.

Intensive Course

25 lessons x 45 minutes per week

On top of the Standard course, benefit from five additional lessons per week, focused mainly on oral communication, ideal for getting the most out of your group classes and encouraging rapid progress.

Private Course

5 lessons x 45 minutes per week

Take advantage of five additional private lessons per week to reach your personal objectives and achieve quick progression. Private lessons can only be combined with the Standard course.

Course Types

Classes take place from Monday to Friday. At each location, you have the choice between a Standard and an Intensive course. Private lessons are available in combination with the Standard course only.

Certification

At the end of your stay, you'll receive an Alpadia language certificate attesting to your participation in classes, indicating the language and level studied and length of stay.

Language Development in the Classroom

As experienced educators, we know that mastering a language means more than just knowing the rules; it's about using those rules to connect, engage, and express yourself through a language that unites us all.

Fluency through interactive communication

Discover how mastering grammar, vocabulary, and pronunciation can become powerful tools for real-world communication. Our method helps you break free from traditional language learning so that you can speak naturally in conversations. We focus on turning language into a daily habit, so that you'll gain the confidence you need to communicate effectively in any situation.

New languages through real-world tasks

Immerse yourself in practical activities designed to build your language skills effortlessly. Absorb new vocabulary and grammar without even realising it by completing real-world tasks. This hands-on approach allows you to learn while communicating and engaging in everyday scenarios, as well as solving problems — making language learning exciting and relevant.

Boosting creativity through language learning

From crafting your own logo to pitching innovative business ideas or inventing the next big product, our projects ignite your creativity and bring learning to life. Each activity is designed to be exciting and hands-on, giving you the tools to tackle real-world challenges while sharpening your problem-solving skills in dynamic, engaging ways.

Excursions in action

Experience the thrill of applying your classroom knowledge during exciting excursions to popular landmarks. The language skills learnt in class will help you understand the history, art, and culture of these sites, as well as improve your ability to communicate and navigate effectively.

INSPIRE YOUR FUTURE

Your Unique Alpadia Camp Experience

Are you ready to dive into an immersive language learning experience that goes beyond textbooks? Are you prepared to develop your social intelligence, critical thinking, cultural awareness, as well as a positive identity?

At Alpadia, we believe in building the skills and competencies needed for life in a global world whilst developing language through immersion and communication.

Developing the individual

At Alpadia, we want to help you develop a more positive identity. Our choice-based activity programme allows you to explore new interests and skills, building your self-esteem, confidence, and authenticity. We aim to create a safe, positive and encouraging environment for you to be yourself as you learn and grow.

Building skills and friendships through teamwork

At our camps, you will also have the chance to develop your social and emotional skills. You'll be able to bond and build international friendships through social programmes that emphasise cooperation, self-expression, and collaborative problem-solving. Living as part of the camp community, you'll share responsibilities, manage your time, and have fun with new friends during excursions.

Building cross-cultural skills

The camp experience also allows you to build cross-cultural competence in a highly international camp environment where both students and staff come from diverse backgrounds. Our afternoon and evening programmes are designed to encourage you to use the target language to solve tasks, perform in front of others, and learn specialised vocabulary connected to activities. We top it off with regular excursions and evening entertainment infused with local culture, history, and language.

Day in the Life of an Alpadia Camper

One of the richest all-inclusive activity programmes. Take advantage of a fantastic selection of things to do and places to see.

All our summer camps offer an amazing inclusive package, giving you everything needed to make the most of your stay with us. We provide multisport and cultural daytime activities, along with entertaining evenings, giving you every opportunity to have fun. We also provide free time each week for shopping, sightseeing, or simply relaxing and enjoying your time at the camp. It's all included at no extra cost.

I am very happy because everyone is friendly and I have made lots of new friends (Russian, German, Swiss, Egyptian, Americans, Spaniards and Mexicans). I enjoy discovering new cultures. Every excursion is different and I prefer the amusement parks; Asterix and Disneyland. The best part of the camp is in the evening: barbecue, party, karaoké where I sang (even if I'm not a good singer). I miss my family but my friends here make me feel better. I feel at home.

The Heart of the Lahn Valley

Located north-east of Frankfurt, the Lahn Valley is one of the most beautiful regions of Germany. With numerous castles, impressive churches, cathedrals and legacies from Celtic and Roman times, the Lahn Valley offers many places of cultural and historical interest. The area is dotted with fortresses, castles and half-timbered houses, which are found over the hills and in the towns. A mix of fairy tale and baroque styles, this unique region offers a multitude of places to visit.

It is an ideal location to experience numerous outdoor activities and to take advantage of the fresh air and natural splendour of the region. Weekend excursions are organised to the nearby cities of Frankfurt and Cologne, allowing students to get a dose of the cities and their many attractions, not to mention the shopping opportunities.

All these attributes make this an idyllic environment for young students to combine language classes with a sportive and cultural language holiday.

A Quintessentially British Experience

Bath has been a popular destination for tourists for over 2,000 years. People would flock from all over Europe to bathe in the natural hot springs in the Roman bathhouse and visit the temple of Sulis Minerva. Then in the 18th century, the spa again was the focal point that attracted people to build the magnificent city we see today. It's no surprise that this jaw-droppingly beautiful place is a UNESCO World Heritage Site.

On top of its rich history, there is so much to do and see in Bath. Walk around and explore the Georgian buildings or join a riverboat trip down the River Avon. The small-town environment provides a safe and friendly place to relax in while having fun. It won't take you long to see why Bath is regarded as one of the most beautiful cities in the UK.

Home away from home

It is certainly easier to communicate, to interact and to discover the culture around you when you feel at home. In a pleasant and welcoming environment, you will be able to take full advantage of your language study stay. We have selected various accommodation options designed around the requirements of young students. Depending on the selected summer camp, students can stay in a residence or with a homestay. Whichever option you choose, you will be in an ideal situation to practise the language you are studying daily.

Alpadia residences

Live with young people of all nationalities, discover various points of view and make new friends. Residence accommodation allows you to have a very enriching experience of community and international life. Depending on the destination, students are accommodated in bedrooms with 1 to 4 beds alongside other Alpadia students. The language classes, the majority of meals as well as some of the activities take place within, or in the immediate surroundings of, the Alpadia campuses (residence and course centre). On request and depending on availability, students may be accommodated with a friend.

Alpadia host families

The conviviality of a family environment, daily practice of the local language and the discovery of a new culture are some of the numerous advantages that homestay accommodation offers. You stay in a single or twin room and share the common rooms with the members of the family. You eat breakfast and the evening meal with the family and lunch in the cafeteria of the course centre. On request and depending on availability, our students may be accommodated with a friend.

The camp is incredible. The facilities are really good. The food they serve in the cafeteria is great. But the most important thing is that you have a ton of fun. You make friends from all over the world and you keep amazing memories.

Astrid, from Spain

General Information

Student Supervision

Safety is our highest priority

We work hard to create the perfect environment for a language study stay. The supervision of our students is effective and discreet, adapted to the age group and the type of accommodation booked. In this way, each student gets the maximum possible benefit from their stay in complete safety. From the first day to the last, Alpadia team members are present and available to give the assistance requested by each student and to ensure their safety. At our residences, students are monitored 24 hours a day. Students can also benefit from more free time in accordance with their parental authorisation. Emergency numbers, available 24/7, are in service at each of the Alpadia course centres.

Internet & Telephone Access

Stay connected

The internet lets students stay in touch easily with their families. All Alpadia course centres provide free internet access. What's more, the course venues in the Alps are situated in regions benefitting from good mobile phone network coverage.

Additional Services

Unaccompanied Minors (UM) service

For your child's flight, we can offer you an **Unaccompanied Minors (UM)** service, provided in collaboration with the airline. Your child will be met at the airport by an airline representative and assisted throughout the journey. This service is designed for young children travelling alone and is strongly recommended for travellers under 13 years of age (some airlines even require it). Airlines will charge you the fees related to this service when you purchase your flight ticket; you will then need to register the UM service with Alpadia at the time of enrolment. This means your child will be collected by an Alpadia staff member on arrival, and assisted during the handover to an airline representative on the day of departure. With this service, young travellers are sure to be assisted at all times, at the airport and throughout their flight.

Insurance

Health/accident

During your enrolment for one of our programmes, you will need to certify that you are in possession of compulsory health and accident insurance coverage, valid in the country that you wish to visit. Alpadia provides insurance for students, from £/€/CHF/\$ 15 per week.

Cancellation

In addition, we strongly recommend that you take out cancellation insurance with an external provider, in case, at the last minute, you are unable to participate in the language study programme that you have booked.

Pocket money service

In the Alpadia residences, a pocket money service is available to the students. Functioning like a bank, the pocket money service is open every day, allowing students to deposit or withdraw money.

How to Enrol

1. Select the dates of the language programme you wish to book.

2. Insurance

Make sure to read carefully through the “insurance” clauses of our Terms and Conditions. Students who enrol for a language study programme with us must have health and accident insurance which is valid in Switzerland, France, Germany, USA, Malta and/or England. Health and travel insurance may be taken out during your enrolment with Alpadia. Cancellation insurance may be taken out with an external provider.

3. Enrol

Complete all the relevant sections on the **online form** of our website.

4. Payment

A deposit of 300 EUR/GBP/CHF/CAD/USD (depending on where you study) will be required upon booking. The remaining payment would be due 4 weeks before your start date unless you need to apply for a visa. In this case, the whole payment would be needed before your visa appointment at the embassy.

5. Booking confirmation

Your study advisor will first make sure the dates you have selected are available for your stay and will contact you in case anything should be amended. Then within 48 hours, you will receive your booking confirmation and an invoice with the details of the language trip, the programme chosen, any special requirements and the method of transport selected for arrival and departure.

6. Apply for a visa (if required)

Should you require an official letter of invitation from Alpadia in order to apply for a visa, we will prepare such a letter for the Swiss, French, German or British embassy in your country upon receipt of payment. Please let us know whether you require such a letter.

7. Student Portal

Students will receive personal credentials to access their own session on the Alpadia student portal (scan the QR code to download). In this portal, you will be able to find:

The online placement test, which needs to be taken latest 2 weeks before arrival at camp.

The pre-arrival information: All details about your course, accommodation and anything related to your arrival.

The parental consent form, which needs to be completed at least 2 weeks before arrival at camp.

8. Welcome on board!

Your journey at Alpadia starts here!

Booking with your local agency

If our school has been recommended to you by an agency, please hand in your registration form to the agent, who will attend to all other formalities for you. The agency will forward your enrolment to us and answer any questions you may have.

Alpadia Team

We would like to take this space to thank our summer staff who helped us ensure that our students had an amazing time during their language summer stay with Alpadia. The team took lots of great photographs of our students and of the various activities.

Photo credits: Andreas Riedel, Eric Marin, Wayne Matthews-Stroud, Tony Kunz, The noun project, Adobe Stock, Alpadia staff team members at all our European camps. A big thank you for contributing to the success of our summer season!
